Contents

Vol. 111, No. 1, January 1981

1 HOLST, J. J., GRØNHOLT, R., SCHAFFALITZKY de MUCKADELL, O. B. & FAHRENKRUG, J. Nervous control of pancreatic endocrine secretion in pigs. I. Insulin and glucagon responses to electrical stimulation of the vagus nerves

9 HOLST, J. J., GRØNHOLT, R., SCHAFFALITZKY de MUCKADELL, O. B. & FAHRENKRUG, J. Nervous control of pancreatic endocrine secretion in pigs. II. The effect of pharmacological blocking agents on the response to vagal stimulation

15 HOLST, J. J., SCHAFFALITZKY de MUCKADELL, O. B., FAHRENKRUG, J., LINDKÆR, S., NIELSEN, O. V. & SCHWARTZ, T. W. Nervous control of pancreatic endocrine secretion in pigs. III. The effect of acetylcholine on the pancreatic secretion of insulin and glucagon

23 THOMSEN, O. Ø. & LARSEN, J. A. The effect of glucagon, dibutyrylic cyclic AMP and insulin on bile production in the intact rat and the perfused rat liver

31 CARLSSON, M. & ARNQVIST, H. J. Influence of exogenous substrates on adenosinetriphosphate (ATP) concentration in normal and diabetic rat aorta in vitro

35 LINDQVIST, I., NILSSON, B. O. & RONQUIST, G. The in vitro transport of ^{14}C-α-aminoisobuturic acid into blastocysts from mice in delay and after activation for implantation

43 HARDEBO, J. E. & NILSSON, B. Opening of the blood-brain barrier by acute elevation of intracarotid pressure

51 THORÉN, P. & ÖBERG, B. Studies on the

33–815874

endoanesthetic effects of lidocaine and benzonatate on non-medullated nerve endings in the left ventricle

59 LÖFQVIST, J. & NILSSON, E. Influence of acid-base changes on carbachol- and potassium-induced contractions of taenia coli of the rabbit

69 WALLIN, B. G., SUNDLÖF, G., ERIKSSON, B.-M., DOMINIAK, P., GROBECKER, H. & LINDBLAD, L. E. Plasma noradrenaline correlates to sympathetic muscle nerve activity in normotensive man

75 GALBO, H., HEDESKOV, C. J., CAPITO, K. & VINTEN, J. The effect of physical training on insulin secretion of rat pancreatic islets

81 EKSTRÖM, J. Increase in choline acetyltransferase activity in surgically isolated postganglionic parasympathetic neurones of the urinary bladder of adult rats

87 VIITASALO, J. T. & KOMI, P. V. Effects of fatigue on isometric force- and relaxation-time characteristics in human muscle

97 VIITASALO, J. T. & KOMI, P. V. Interrelationships between electromyographic, mechanical, muscle structure and reflex time measurements in man

105 COUNTER, S. A., BORG, E. & LÄNNERGREN, J. Basic contraction properties of the avian stapedius muscle

Short Communication

109 YAO, T., ANDERSSON, S. & THORÉN, P. Longlasting cardiovascular depressor response to somatic stimulation in spontaneously hypertensive rats

Appended Supplements

Supplementum 490. ELINDER, G. Renal response to isotonic volume expansion in the developing rat
Supplementum 491. PERSSON, B. GABAergic mechanisms in blood pressure control. A pharmacological analysis in the rat

Vol. 111, No. 2, February 1981

113 SKAGEN, K., HENRIKSEN, O. & BONDE-PETERSEN, F. Effect of lower body negative pressure upon local regulation of blood flow in human subcutaneous tissue

121 SIGURDSSON, S. B. & JOHANSSON, B. Quantitative aspects of electrical and mechanical responses to anisosmolar solutions in the smooth muscle of the rat portal vein

129 MORTENSEN, A. & TINDALL, A. R. Caecal decomposition of uric acid in captive and free ranging willow ptarmigan (Lagopus lagopus lagopus)

135 BOSCO, C., KOMI, P. V. & ITO, A. Prestretch potentiation of human skeletal muscle during ballistic movement

141 BRODIN, E., GAZELIUS, B., OLGART, L. & NILSSON, G. Tissue concentration and release of substance P-like immunoreactivity in the dental pulp

151 SOMMERSCHILD, H. Formation of ectopic neuromuscular junctions in adult rats

159 BOKMAN, L., ERICSON, A.-C., ÅBERG, B. & ULFENDAHL, H. R. Flow resistance of the interlobular artery in the rat kidney

165 BANNS, H. & EKSTRÖM, J. Acetylcarnitine as a contamination in the radiochemical assay of acetylcholine synthesis in salivary glands and urinary bladders

171 HEDNER, J., ALMGREN, O., JONASON, J. & LUNDBERG, D. Neuronal and extraneuronal uptake of ^{3}H-noradrenaline in rat portal vein in vitro

179 ODLIND, B. & DENCKER, L. Autoradiographic localization of 35-S-furosemide at different stages of its renal excretion

185 TOIVONEN, H., HARTIALA, J. & BAKHLE, Y. S. Effects of high oxygen tension on the metabolism of vasoactive hormones in isolated perfused rat lungs

193 BEAUSANG-LINDER, M. & BILL, A. Cerebral circulation in acute arterial hypertension —protective effects of sympathetic nervous activity

201 KHAN, A. R. & WOHLFART, B. Effects of diethylstilboestrol on contractile response and action potential of rabbit papillary muscle

205 INGVAR, M., NILSSON, B. & SIESJÖ, B. K. Local cerebral blood flow in the brain during bicuculline-induced seizures and the modulating influence of inhibition of prostaglandin synthesis

Short Communications

213 STRÖM, C., LUNDBERG, J. M., AHLMAN, H., DAHLSTRÖM, A., FAHRENKRUG, J. & HÖKFELT, T. On the VIP-ergic innervation of the uterotubal junction
